In the Matter of:

THE TARIFF APPLICATION OF SOUTH CENTRAL)	
BELL TO MODIFY ESSX SERVICE, FOR CONFI-)	CASE NO.
DENTIAL TREATMENT OF PROPOSED SECTION)	10212
P12 AND TO PROVIDE RATE FLEXIBILITY)	

O R D E R

On April 13, 1988, AT&T Information Systems, Inc., ("ATTIS") filed Motions seeking Commission approval to a) intervene and b) suspend the proposed tariff and hold a public hearing. ATTIS claims that it is a direct competitor of South Central Bell and therefore has substantial interest in this matter. The Commission finds that the Motion to intervene should be granted and the Motion to suspend has been rendered moot because the tariff has previously been suspended. The Commission will reserve ruling on the Motion to hold a public hearing pending further investigation into the reasonableness of the proposed tariffs.

BE IT SO ORDERED.
